

Funny Grandad Poem Lyrics

The last words that you spoke to me,
Was "just how great you hoped it'd be",
"If you could rest for eternity",
"Without having to get up to pee".

You were such a quiet man,
You said of words "I'm not a fan",
"Speak with actions, act with grace",
So I think I'd better shut my face.

You didn't say much to anyone,
But what you said was wise,
"Live each day in the best way,
Because everybody dies".
