

My Puzzle Poem Lyrics

Like a puzzle one piece down,
It's so weird that you are not around.

Like a bar with just one drink,
All this time to stop and think.

All the stories we could tell,
From adventures, to time spent in hell.

From younger days, to memories near,
That empty space won't fill, I fear.

Looking back it makes me smile,
The fun and laughter, the extra mile.

But a wall's been hit and time is done,
We battled hard but bad times won.

I love you mate, oh our time was sweet
You made my puzzle feel complete
